BEERE VISHNU SAI

GenAI Trainee | AI & Machine Learning | Computer Vision | LLMs | Python

Dharmavaram, Andhra Pradesh | vishnubeere91@gmail.com | +91 7893584708 | LinkedIn | GitHub | Portfolio

PROFILE SUMMARY

B.Tech Information Technology graduate (85.5%) with hands-on experience across Artificial Intelligence, Machine Learning, Generative AI, LLM applications, and computer-vision-adjacent data workflows. Built AI applications spanning multi-agent architectures, prompt engineering, LLM integration, REST APIs, and automated data pipelines. Skilled in ML model development with Scikit-learn, exploratory data analysis, data preprocessing, and technical documentation. Quick to pick up new AI frameworks and tools, with a proactive, collaborative approach to solving open-ended problems.

TECHNICAL SKILLS

Programming: Python, SQL, JavaScript

AI & Machine Learning: Machine Learning, Deep Learning fundamentals, Generative AI, LLM Applications, AI Agents, Scikit-learn, Prompt Engineering, RAG concepts

AI Application Development: FastAPI, REST APIs, API Integration, JSON, Backend Services, AI Automation

Data Processing: Pandas, NumPy, Matplotlib, EDA, Data Preprocessing, Data Cleaning, Data Validation, Schema Profiling, ETL, Statistical Analysis

Data Visualization: Power BI, DAX, Power Query, Tableau, Streamlit, Advanced Excel

Development & Tools: Git, GitHub, GitHub Actions, Playwright

Professional Skills: Problem Solving, Analytical Thinking, Technical Documentation, Stakeholder Communication, Team Collaboration

EXPERIENCE

Data Analyst Intern — AICTE & APSCHE *Oct 2025 – Mar 2026*

SmartInternz / SmartBridge

- Worked with a 30,000+ record production dataset, developing data validation and reconciliation workflows that resolved 1,200+ inconsistencies and achieved >95% verified accuracy.
- Performed an end-to-end EDA and data-preprocessing pipeline, including schema profiling, missing-value treatment, duplicate resolution, and statistical pattern detection.
- Reduced manual reporting effort by 40% through structured data-processing and analysis workflows.
- Developed 3 interactive Tableau dashboards tracking 8+ KPIs, reducing stakeholder insight-extraction time by 60%.

AI & MACHINE LEARNING PROJECTS

AI Job Agent

Python | FastAPI | REST APIs | LLM APIs | SQL | Git/GitHub

- Developed a modular AI-powered job application platform using Python and FastAPI.
- Implemented REST endpoints for resume processing, validation, analysis, ATS scoring, job search, and job matching.
- Integrated external AI services and APIs to enable LLM-powered resume analysis and recommendations.
- Implemented structured data processing and validation between application components.
- Applied modular backend architecture, API integration, debugging, and version control using Git/GitHub.

JARVIS-Style Multi-Agent AI Assistant

AI Agents | LLMs | Prompt Engineering

- Designed a multi-agent AI assistant architecture for routing tasks between specialized AI agents.
- Explored task delegation and agent-to-agent workflow concepts for AI-assisted problem solving.
- Defined human-review checkpoints for validating and correcting AI-generated outputs before execution.

Customer Churn Analysis & Prediction

Python | SQL | Scikit-learn | Power BI

- Developed a machine-learning solution using Random Forest on 6,418 customer records.
- Achieved 82% model accuracy using a hold-out test set.
- Performed data analysis and identified churn-driving factors to generate actionable insights.

Hospital Emergency Room Analysis Dashboard

Python | MySQL | SQL | Power BI

- Analyzed 9,200+ patient records to evaluate emergency-room operations.
- Developed SQL queries using joins, correlated subqueries, and window functions to answer operational questions.
- Created Power BI visualizations to identify waiting-time and department-level operational patterns.

EDUCATION

B.Tech — Information Technology *2022 – 2026*

Sri Venkateswara College of Engineering, Tirupati | 85.5%

CERTIFICATIONS

- Oracle Cloud Database Services 2025 Certified Professional — Oracle University
- Oracle Analytics Cloud 2025 Certified Professional — Oracle University
- AI – Data Quality Analyst Certification — Rooman Technologies Pvt. Ltd.
- Data Analytics Internship — SmartBridge / APSCHE
